### ***SPUG WEBSITE- WWW.NEOSPUG.COM***

The website is up and running and is very impressive.. Thanks to Emerge, Inc. of Elyria, Ohio. Please feel free to go online and check out our web page. Newsletters are posted on the website. Our goal is to

make this a useful site to educate people who work in the sewer industry about proven methods for installing, operating and maintaining our sanitary and storm sewer systems. Our next step is to add a page for technology

transfer as well as for job postings. Any ideas, please let one of the trustees know.
